

Sporicidin[®] Mold Resistant Coatings

White and Clear Coatings

Description

Sporicidin Mold-Resistant Coating is an easy-to-use, water-based, permanent coating developed for remediation and flood damage restoration.

Quick drying and ready-to-use, the Sporicidin-MRC series of products incorporates an EPA (Environmental Protection Agency) registered antimicrobial. *

Delivers long-term, residual protection from excessive moisture to the substrate it is applied to while also protecting the film from mold, mildew, and odor-causing bacterial growth. Easy to apply with brush, roller, spray, or paint sprayer.

Sporicidin Mold-Resistant Coating quickly penetrates and adheres to porous and non-porous surfaces and leaves a durable, long-lasting barrier that will not blister, peel, crack, or chip, while helping to restore the integrity of water damaged materials.

Meets ASTM Standards D-3273 & D-5590 for mold growth resistance and is Air Quality Management District and VOC compliant.

Technical Data – applicable to all items unless specified below

ATTRIBUTES	Value	Notes
Colors Available	Clear (MRC-80) White (MRC-100)	Flat finish – Interior/ Exterior
Coverage square footage	500 sq ft (MRC-100) 600 sq ft (MRC-80)	Thicker application reduces coverage rate
Dry to touch time	30 minutes (MRC-80), 30 minutes (MRC-100)	
pH	8.5-10 – (MRC-80) 8.5-10 – (MRC-100)	
VOC Content (gm/L)	Coating VOC: 46 Material VOC: 12 (MRC-80) Coating VOC: 47 Material VOC: 18 (MRC-100)	

Part Number	Description	EA/CS
MRC-80-1	Sporicidin Mold Resistant Coating, 1 Gallon (3.7L) container, Clear	4
MRC-80-5	Sporicidin Mold Resistant Coating, 5 Gallon (18.9L) container, Clear	1
MRC-100-1	Sporicidin Mold Resistant Coating, 1 Gallon (3.7L) container, White	4
MRC-100-5	Sporicidin Mold Resistant Coating, 5 Gallon (18.9L) container, White	1

Key: EA = Each, OB1 = Outer Bag 1, OB2 = Outer Bag 2, CS = Case

Notes:

- 1) The information presented here is applicable to the part numbers shown above as well as to any product containing the same materials and produced under the same conditions, regardless of product size or packaging configuration. Please contact a Contec sales representative for more details. Data shown are typical values and should not be used as product specifications.
- 2) Valid product comparisons may only be obtained through side-by-side testing in the same test facility, under similar conditions.
- 3) Current and/or comparison data may be available. Please contact a Contec sales representative for details.
- 4) *Sporicidin MRC contains an EPA registered antimicrobial ingredient to prevent mold and mildew growth on the surface of the film.
