

A Trusted Name in Mold Remediation Products.

No matter how big the project is, Contec® Cleaning and Restoration Products three-step CLEAN-KILL-SEAL process gets the job done right the first time!

ENVIRONMENTALLY-FRIENDLY MOLD STAIN CLEANERS

Sporicidin® Enzyme Cleaner Concentrate — A highly concentrated blend of all-natural plant enzymes and super-charged surfactants that go to work immediately to dissolve and digest organic matter making surface cleaning fast and easy!

Sporicidin® Mold & Mildew Stain Remover — Utilizes special surfactants and hydrogen peroxide to aggressively remove tough biological stains from porous, semi-porous, and non-porous materials. When applied, the proprietary formula creates deep-cleaning foam that breaks apart contamination, lifting and flushing it from the surface, while penetrating into the surface to oxidize and remove organic stains.
